## Museum of Rail Travel

### Look and Find—12

All the things shown on this page can be found somewhere on Ingrow West Station or in the railway yard.

They may be

- on the platform
- on or in the station building
- in the railway yard or sidings
- outside the Museum—or anywhere!

When you have found an object, tick the first column and fill in the blanks in the second column—one dash per letter. Ask if you are not sure.

	<p>This is the large station sign. What is it made of? (PAINTED BRICKS)</p>	
	<p>Far down the line you can see a BRIDGE which carries a road over the railway line.</p>	
	<p>The window openings on the station building are made from STONE.</p>	
	<p>The long, sloping ramp in front of the station building is used for loading goods into wagons. Find out in the Museum what sort of goods were loaded and unloaded at Ingrow West station.</p>	
	<p>Why do you think the tracks have concrete and wooden ramps in between the rails? (SO THAT VEHICLES AND PEOPLE CAN CROSS THE LINES EASILY AND SAFELY)</p>
